Mysore-Coorg Railway.

Summary of discussion.—Four routes of railway line were proposed for the Mysore-Coorg line. Out of the four, it would appear that the line from Mirle and Saligrama *via* Ramanathapur and Siddapur will be adopted. In doing so, many lands will have to be acquired and heavy compensation paid. The line from Hole-Narsipur passing through Arkalgud, Ramanathapur and Konanur to Siddapur in Coorg may be undertaken, as it is a cheaper and more desirable one and convenient for the taluks of Arkalgud, Alur, Manjarabad and half of Coorg.

It was urged that a line through Hunsur and Periyapatna to Siddapur, the centre of trade in Coorg, would be the best alignment for a line of railway to Coorg and that the Mysore District Board favoured this line and people would gladly take up debentures. It was contended that the traffic prospects of this line were more favourable than any other alternative.

Per contra. It was represented that the line should be taken from Hole-Narsipur through Arkalgud to Siddapur as it would be more convenient and cheaper to construct. A statement of cost of the various alignments suggested together with traffic returns and the percentage returns on the capital outlay was read in the Assembly.

Reply of Government.—The matter will receive consideration when it comes up through the District Board.
